Q: Do I earn points for items paid to a hotel department (restaurants, bars etc.) directly in cash?

A: No. In order to earn points the extras should be charged to your room bill

A: Check the loyalty portal to identify your coming stays. If a future booking is missing then inform us at loyalty@paraloshospitality.com

Inform hotel staff at check-in or during your stay that you are a member of the Program.

Q: I have made a reservation from a different source than the hotel website (Booking.com, Expedia, Tour Operator, travel agent, online portal etc) but I have enrolled in the Program through the hotel website. Why can't I see my future reservation?

A: The Program is not able to identify loyalty members and their respective future reservations and then match them, if the email is not available. The email is only provided to the Program, when the reservation is made directly through the hotel website. So, if you have not made the reservation on your name, as a loyalty member, through the hotel website, please contact us prior to your arrival at loyalty@paraloshospitality.com and inform us about your loyalty code and future reservation, in order for us to be able to make the match prior to your arrival. Then you will be able to see your future reservation and profit your tier benefits.
